Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Monday 15 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A dry but cloudy day with rain overnight and tomorrow.

Today:
A dry but cloudy start for most, though some will see sunny spells and there may be the odd short-lived shower. Cloud building through the day, with the afternoon overcast for some, but remaining dry. Less windy than of late. Maximum temperature 13 deg C (55 deg F).

Tonight:
A dry but cloudy evening and start to the night before outbreaks of light rain and drizzle arrive from the northwest. Likely clearing by dawn for most. Minimum temperature 6 deg C (43 deg F).

Tuesday:
Some more rain arriving from the northwest during the morning. Becoming mainly dry and brighter into the afternoon. A dry evening with the clouds clearing overnight. Maximum temperature 16 deg C (61 deg F).

Outlook for Wednesday to Friday:
Wednesday fine and dry. Thursday possible early rain turning to scattered showers during the day. Friday dry with sunny spells. Becoming rather cold.
